EXPERIENCE
· · · · · · · · · · · · · · ·

عالم النظم و البرامج
World of System & Software
Senior UI Developer - Remotely KSA
January 2022 - current
Solving UI/UX problems and creating new systems was my main job, like:
1. Committees.
2. Al-Ahsa Chamber.
3. Rasad Systems.
4. Inventory Management System.
5. Keycloak Boilerplate.

eLocalize
Senior Front-End Developer
July 2018 - December 2021
I have worked on several big projects like:
1. PSM.gov.eg.
2. GIZ governmental projects.
3. Gateway international schools.
4. Cost of Turn Over project.
5. MedFly medical web and app.
6. eKiosk project by GIZ and Egypt.gov.eg.
7. BeeHive educational system CMS.
8. AgriRowad.
9. SmartClean services mobile app in KSA.
10. Syanco mobile app in KSA.
11. Ejmaal governmental project in KSA.

212 Solutions
Front-End Developer + PHP Developer
August 2017 - June 2018
Main project types was cross-platform apps created with adobe phonegap and google FireBase like:
1. Artic supply in USA.
2. POS system for resturants in KSA.
3. Nursery application in Egypt.

STARTP☉INT INFORMATION TECHNOLOGY
UI/UX web designer
July 2017 - August 2017
I have worked as UI/UX web designer and Photoshop designer.
Unfortunately, StartPoint IT closed very early, after 3 months from opening.

Freelancer
General web development
Since 2014
